

RM 825

SB- care wax

PRODUCT INFORMATION

RM 825 is a liquid **spray wax for conservation and polishing care** for the application in vehicle washing plants, coin-op plants and high pressure devices.

A spot-free drying without blower is obtained with the combination osmotic water and RM 825.

The coating has long-time preservative and water repellent properties.

RM 825 is free from mineral oils and hydro carbons.

RM 825 is easily biodegradable in accordance with OECD guidelines.

RM 825 complies with the demands of the *Detergent Directive EEC 648/2004*

Instruction for application:

type of plant	Predilution (RM 825+ deminerali- zed water)	adjusted concentration
coin- op plant	undiluted	0,2 to 0,25 %
hp device	1 + 9	1 to 3 %

Application temperature: up to 80 °C

store in a frost-proof place!

Avoid overdosing!

Do only apply on clean and rinsed off surfaces!

Use only demineralised water for predilution!

pH- value concentrate: approx. 3-4
